The Flutterby Quilt Block

This is a great scrappy block. Have fun experimenting with how you place darks and lights, but I think the block looks best if you are consistent with your placement of light and dark fabrics.

To make the block as instructed below, you will need a Creative Grids Perfect Rectangle Ruler. I strongly recommend you watch the Creative Grids YouTube video for how to use the ruler before making this block.

Please read this document thoroughly before making your block. It is recommended that you make a test block first to insure accuracy before cutting blocks for an entire quilt. Use the chart below to determine what size to cut your patchwork pieces. (For a 6" block, use the measurements in the highlighted column.)

Sew all pieces together using a 1/4" seam and a 2.0mm stitch. Your unfinished block should measure 1/2" more than your finished size. (i.e. For a 6" finished block, your block should measure 6.5" before sewing it into a quilt or project.)

Cutting Chart:

Pieces			FINISHED SIZE BLOCK		
			6"	9"	12"
A, B, C, and F	 Cut squares the size indicated	A - Cut 1 B - Cut 2 C - Cut 1 F - Cut 1	2 1/2"	3 1/2"	4 1/2"
D	 First cut two strips the size indicated in the table	Subcut 2 Mirror Image* pieces using the Creative Grids Ruler	4 1/2" x at least 3" **	6 1/2" x at least 4" **	9 1/2" x at least 5.25" **
E	 First cut two strips the size indicated in the table	Subcut 2 Mirror Image* pieces using the Creative Grids Ruler	4 1/2" x at least 3" **	6 1/2" x at least 4" **	9 1/2" x at least 5.25" **

* To cut mirror image pieces, place two strips of fabric RIGHT SIDES TOGETHER, then subcut using the ruler. The pieces you cut will be reverse image.

** When cutting multiple blocks, cut WOF (Width of Fabric) strips.

Block Assembly:

First make the corner 4-patch unit using pieces A, B and C. Match up you D and E pieces to sew your DE Rectangle units (Be careful to not mix you your mirror image pieces!)

Finally, arrange your units and your remaining F square as shown in the diagram on the right and sew all the units together as a 4-patch.
