# The Weathervane Quilt Block Pattern

You need 3 fabrics ranging from light to dark.

Use the chart to determine what size to cut your patchwork pieces. (For a 10" block, use the measurements in the highlighted column.) When only one measurement is given in the chart, that indicates that the piece is cut as a square of that size. The chart may also indicate that some of your squares may need to be subcut:

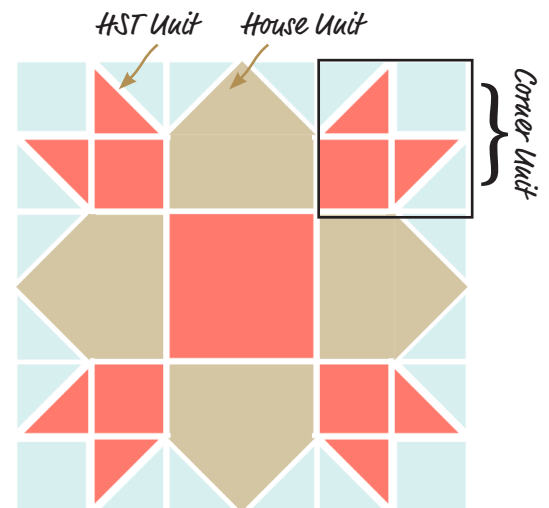

= Subcut once on the diagonal

= Subcut twice on the diagonal

Sew all pieces together using a 1/4" seam and a 2.0mm stitch. Your unfinished block should measure 1/2" more than your finished size. (i.e. For a 9" finished block, your block should measure 9.5")

## Cutting Chart:

Patches		Subcut?	Finished Size				
			6"	9"	12"	15"	18"
A Cut 1		No	2 1/2"	3 1/2"	4 1/2"	5 1/2"	6 1/2"
B Cut 4		No	1 1/2"	2	2 1/2"	3"	3 1/2"
C Cut 4			1 7/8"	2 3/8"	2 7/8"	3 3/8"	3 7/8"
D Cut 4		No	1 1/2"	2	2 1/2"	3"	3 1/2"
E Cut 4			1 7/8"	2 3/8"	2 7/8"	3 3/8"	3 7/8"
F Cut 4		No	2 1/2"	3 1/2"	4 1/2"	5 1/2"	6 1/2"
G Cut 8		No	1 1/2"	2	2 1/2"	3	3 1/2"

## Block Assembly:

Arrange your patches as shown in the exploded diagram.

First, sew piece C to Piece E to assemble HST units. Make 8.

Next make house units. To make them, sew two piece G's to the corners of a piece F. You will use the Quick Corner technique, that is used when making flying geese or square-in-a-square units. Make 4

Take a Pieces B, D and two CE HSTs to assemble a corner unit. Make 4

Now that all main units are constructed, assemble the rest of the block as you would assemble a standard 9-patch.
