The Churn Dash Quilt Block Pattern

You need 4 fabrics ranging from light to dark.

Use the chart below to determine what size to cut your patchwork pieces. For example, if you want a 6" block, you would use the measurements given in the highlighted column below. The chart may also indicate that some of your squares may need to be subcut either once or twice on the diagonal.

Cutting Chart:

Note: if you prefer the [Quick Sew method](#) for making HSTs, do not subcut pieces A & B.

Block Assembly:

NOTE: For all seams, use a scant 1/4" seam and a 2.0 mm stitch length.

Arrange your patches as shown in the diagram above.

Make the four HST units that sit in the corner of the block.

Make the four Mini Rail Units that are placed around the central square.

Sew the rows and columns together in typical 9-patch fashion.

Your unfinished block should measure 1/2" more than your finished size. (i.e. For a 8" finished block, your block should measure 8.5")
