

Drunkard's Path Templates

(for a 5" Finished block)

1" test block

NOTE: Dark line is finished size of block. Lighter outer line is block's seam allowance.

Instructions:

Print at 100% size. (Do not check the "Fit to page" or "Scale" options on your printer dialogue box.) If you've printed correctly, the test block above will measure exactly 1 inch.

Trace templates onto heavy cardboard or template plastic, then trace on the wrong side of your fabric. Pin Piece A and B wrong sides together, along curved sides. Sew with a 1/4" seam.
